

Recommendation Letter

To whom it may concern,

I am pleased to recommend Ali Shahrez, who completed the FlyRank AI Internship Program from July 1, 2026 to September 6, 2026 in the role of Machine Learning Engineering Intern.

During the program, Ali completed 31 practical assignments applying curriculum in Data wrangling, Embeddings and clustering, Intent and opportunity modeling, and Insight to action.

As the culminating project, Ali completed "Google Search Ranking & Discoverability Capstone," which was reviewed and accepted by the lead track mentor.

Participation also included 8 attended program meetings and 10 verified Anthropic Academy courses.

Based on this verified completion record, I recommend Ali for opportunities aligned with machine learning engineering and applied AI roles.

The approved internship specialization was Machine Learning; the independently qualified completed track was Machine Learning.
